1946 CHRYSANTHEMUM INTRODUCTIONS

ELAINE FELTON, This is the best red single we have found. Blooms $2\frac{1}{2}$ to 3". Strong stiff stems. Holds its bright red flowers a long time, does not fade with age. Stock limited. We are introducing it at 60¢ per plant. Doz. 6.00.

FULLBRIGHT (Coles), Bright yellow flower $2\frac{1}{4}$ " or more in diameter 3' tall, strong stiff stems. Good foliage. Oct. 8. Single. One plant to a customer. 75¢.

HELIOTROPE, That is the color fully double pompon 2" across 3' tall. A good producer on a stiff stem. Originated by Mr. Earl Felton, so you would expect it to be good. Late Sept. 50¢, 3, for 1.30

LEADING LADY, (Coles) A good bronze three petal flower with a yellow center showing a tinge of green at the base. $2\frac{1}{2}$ ' tall 3' spread producing hundreds of blooms. Attracted a lot of attention in our garden. Won a ribbon at the Eastern States Chrysanthemum Show in New York Botanical Gardens 1945 in strong competition. 75¢ 7.00 doz.

MAROON "N" GOLD (U. of Minnesota), Maroon above and golden on under side of petals. Large double flowers incurved. Aug. 75¢, 3 for 2.00. Stock limited.

FRED F. ROCKWELL (Bristol), Briefly it is the most gorgeous blending of bronze and orange-scarlet tones ever seen in a pompon. Amazingly prolific, the strong, branching, 2' plants often carry 75 or more symmetrically perfect flowers to single spray, several sprays to a plant.

Without a growing fault, the plant is a thing of beauty in its lusty, vigorous appearance. In full flower early Oct., it is remarkably frost proof, resisting November storms and retaining its full brilliance long after many others are destroyed.

This dazzling pompon, we believe is destined to be an all-time favorite -- a credit to one of the great names in Horticulture and another distinctly worthwhile addition to the many notable introductions from Bristol.

\$1.00 each, 3 for \$2.75

doz. \$10.00.

CHARLES NYE, This is one of Dr. Kraus' originations. It is a 3" buttercup yellow. Blooms late Sept. One of the best of his creations. Fully double. Plants. \$1.00.

We have spared no time or expense to get what we believe to be the best collection of Hardy Chrysanthemums to be found anywhere

Our prices are low considering the quality of our plants.

NORTHLAND DAISIES

(Trade Mark by Styer's Nurseries)

The Northland Daisies are hybrid Chrysanthemums developed by Styer's Nurseries. They produce fine, well branched plants seldom injured by insects. They will grow well in any soil with reasonable drainage, respond well to fertilization and must not have water standing about the crown in winter. The late blooming varieties are not recommended for locations north of Philadelphia or New York. We are offering them this season, thanks to Styer's Nurseries for their permission.

let me again thank you for the
extras that you gave me.

From Westerville, Ohio.

Plants reached me in excellent
condition and I believe the
nicest plants I have ever re-
ceived by mail. Thank you for
the extra.
